CRUEL DESERTION.

A Sadly Afflicted Young Louis-
ville Bride.

The Mysterious Absence of a Bride,
groom of Three Days—Departing
for the South and Never Heard of
Afterwards—The Claws in the
Hands of the St. Louis Police—A
Strange Case.

St. Louis, Sept. 10.—There is a young
wife in Louisville, Ky., pining for her hus-
band, whom she has not seen since the
third day after their marriage, and Louis-
ville society, as well as the medical pro-
fession of that place, are mystified by the
lack of knowledge as to the present where-
abouts of Dr. Ernst W. Anzal, or Asal, Chief
of Police Campbell has just received a
communication from a Louisville attorney
written at the request of the deserted
wife. The contents of the missive leave
one to infer that Mrs. Dr. Anzal was the
victim of an unscrupulous adventurer, who
married her to secure a few paltry dollars
and then ran away. Notwithstanding the
fact that such may be the case, the young wife
evidently reposes unbounded faith in her
missing husband. The following is a
copy of the letter received by
Col. Campbell: Louisville, Ky., Sep-
tember 6, 1883. Dear Sir: I
write on behalf of Mrs. Nellie
Anzal, to see if I could obtain any infor-
mation in regard to her husband, Dr.
Ernst W. Anzal (or Asal, as he sometimes
spelled it.) He was a man of about 26
years of age, of medium height or a little
above and stooped slightly, blonde com-
plexion, light hair, blue eyes, a German
by birth. His features were not distin-
guished by anything unusual. His lower
lip was quite full, but his chin not es-
pecially prominent. He spoke English
well, but with a pronounced German
accent. He was a native of Karlsruhe,
Baden, and had been in this country four
or five years. He was a good chemist
and physician and is, if alive, making his
living either as a druggist or practicing
his profession of medicine. He left Louis-
ville February 11, 1883, having been
married three days, saying that he was
going to St. Louis, and thence South;
bought a ticket to Austin, Tex.; wrote a
postal card at St. Louis, Mo., February
12 (a copy of which is enclosed); had
with him something less than \$175, given
him by his wife to live on until he
could establish himself and send
for her. He was going to see the
Governor of Texas, he said, and apply for
a place in the Medical University at Aus-
tin. He had taught medicine here. If
unsuccessful at Austin he was going to
San Francisco. He parted from his wife
in the most affectionate manner. It is
true that he had wished to conceal the fact
of their marriage from the acquaintances
of both until his departure, but this is
supposed to be due to the possibility that
he might turn out to be somewhat com-
plicated with another young woman, and
teared a scene. His best suit which he
took with him consisted of a black Prince
Albert coat and lighter trousers. His
wife is completely at a loss to account for
his silence and absence. After the receipt
of the postal from St. Louis she has not
heard anything from him. She wishes to
know his whereabouts, if he is alive, or
any facts about him. She desires that you
should regard the matter as confidential
and not give any further publicity to it
than may be necessary. She will be grate-
ful for any information that may assist
her in her search. Very respectfully,
W. W. TUMM.

It will be seen that either the wife or
the writer or both have some doubt as to
whether the Doctor is still alive. The
following is a copy of the postal card
written by Anzal to his wife after arriving
here:
St. Louis, Feb. 12, 1883.—MY DEAR
WIFE: At last, after a sojourn of nearly
six hours in North Vernon, Ind., I ar-
rived here this morning at 2 o'clock, in
the usual good health and spirits. Our
train was due at North Vernon at 9:30
o'clock yesterday morning, but high water
in Cincinnati prevented the train from
reaching that place before 5 p. m. I had,
however, the consolation that two profes-
sional brethren, both also bound for St.
Louis, were in the same dilemma as I,
and we made the best we could of our
condition. I slept until dinner time to-
day, and then engaged myself as well as
the weather would allow me in this out-
rageously muddy city of St. Louis. I ex-
pect to leave at 9 o'clock to-night for the
South, and hope you are well and in good
spirits. Your loving E. W. A. Mrs. Dr.
Anzal, care of M. Clark, corner Seventh
and Zane streets, Louisville, Ky.

THE MYSTERIOUS WRECK.

The Search for the Supposed Sunk
Steamer.

HALIFAX, Nova Scotia, Sept. 10.—A
telegram from Sherbrooke, Garsboro,
states that wreckers have been searching
off Indian Harbor for the sunken steamer
reported there, but so far they have failed
to find her. Many still hold to the belief
there really is the wreck of a steamer in
the locality, as the discovery of a deck
house and gear washed ashore and the ap-
pearance of coal dust on the surface of the
water as reported by Capt. Albert Pride
would indicate. But some now express
the opinion that the fears raised are with-
out cause. It is stated that the floating
spar observed by Capt. Pride might have
been a piece of drift wreckage entangled
on a shoal, but the presence of coal dust
on the water thereabouts carries out the
impression of a wrecked steamer below,
and further weight is added to this by the
fact of a steamship's boat drifting ashore.
The apprehension connecting the lost ves-
sel with the United States war-ship Alli-
ance was settled when the report reached
Halifax that the latter had just arrived
at Sidney, Cape Breton, from the Magda-
len Islands.

THE STEEL CRUISERS.

Particulars Regarding the New Boat
Now Building.

WASHINGTON, Sept. 10.—From members
of the naval advisory board detailed infor-
mation regarding the steel cruisers has
been obtained. The Chicago will be 314
feet four inches long over all, twenty-four
feet nine inches deep, forty-eight feet two
and a half inches extreme width; esti-
mated sea speed, fourteen knots, but it is
hoped that she will be able to make six-
teen miles per hour over the measured
mile. The material will be mild steel.
The battery will consist of four eight-inch
high-powered breech-loaders, weighing
about twelve tons, mounted in projecting
half-turrets on the main spar-deck. The
turrets are unarmored, and the
guns will fight in large open ports.
The only protection for the men
will be shields on the gun. Six
six-inch, breech-loading rifles, weigh-
ing about four tons, will be mounted broad-
side of the gun-deck, and there will be
places for two additional six-inch guns on
each broadside. One six-inch gun will
be mounted on a recessed gun-deck port
on each bow, and there will be two five-
inch guns in recessed ports abaft the cap-
tain's cabin. The eight-inch projectile
weighs 250 pounds; the six-inch, 100
pounds, and the five-inch, 60 pounds.
Four 47-millimetre and two 37-millimetre
Hotchkiss revolving cannon will be
mounted in fixed bullet-proof towers. The
hull will be divided by nine complete
transverse bulkheads into ten water-tight
compartments, of which the four central
ones are occupied by the engines and
boilers. This portion of the ship will have
a double bottom.

Agricultural Patents.

WASHINGTON, Sept. 10.—The forthcom-
ing annual report of the Commissioner of
the General Land office will show that
50,000 agricultural patents were issued
during the fiscal year ending June 30, 1883.
This is the largest number of patents ever
issued in any one year. The regular force
of the office was employed in the work of
issuing these patents the preceding year,
however, the work of the office being much
enhanced, 15,000 cases coming from the pre-
vious year. A special appropriation of
\$25,000 was made to enable the Commis-
sioner to bring up the work, but even with
the extra force only 43,000 patents were
issued. The work was nearly up with the
close of the last fiscal year.

Too Much Ice Water.

CHICAGO, Ill., Sept. 10.—A man named
John H. Grant, of Roseclare, Hardin
county, Ill., died in this city, at Steagles'
boarding house, from convulsions occasioned
by a too free use of ice water while
suffering from high fever. When found
he was perfectly nude, and had evidently,
from the surroundings, been bathing with
ice water. He deposited \$53 and a gold
watch in the safe of the house, which is
held for his friends. A time book on the
body indicates his having been employed
in the quarries at Roseclare. The cor-
oner's inquest developed the above facts.

A Villainous Bohemian.

MENOMONIE, Mich., Sept. 10.—Jim Sa-
tinsky, a Bohemian who lived twelve
miles down the shore, was missing his
family. His wife fled from the house and
summoned the constable, Jerry Williams,
to come and arrest him. He came. Jim
shot him twice, killing him instantly. A
short time afterward the murderer shot
himself in the head with fatal effect. The
coroner held an inquest.

Judge Hoody's Health.

COLUMBUS, O., Sept. 10.—Hon. Edgar
Johnson, has written a letter to Chairman
Barger from Philadelphia, dated September
5, in which he states that Judge Hoody
had an attack of the fever after his arrival
in that city, caused by the journey, but
that he was now rapidly recovering, and
that his physician states that he will be
able to resume his labors on the stump by
the 15th of September.

A Murder Mystery.

ABILENE, Kans., Sept. 10.—The body of
an unknown man was found fifteen miles
south of Abilene with a bullet-hole in his
head and three in his body. He had evi-
dently been murdered and hauled in a
wagon to the ravine where found. He was
probably 50 years of age, and weighed
about 170 pounds. The body was badly
decomposed.

Constable's Skull Cracked.

PITTSBURGH, Penna., Sept. 10.—In at-
tempting to quell a disturbance in a saloon
at Mansfield, Penna., Constable B. M.
Clark had his skull fractured and was
so seriously injured internally that he can
not recover.

Suicide of a Wife Murderer.

LOUISVILLE, Ky., Sept. 10.—At half-past
seven Saturday evening Constantine Munde,
confined in the Stanford (Ky.) county
jail for wife murder, hanged himself. The
murder was a horrible one, the woman's
throat being cut from ear to ear with a
hatchet.

Railroad Thieves Captured.

St. Louis, Sept. 10.—Wm. West, Wm.
White, and Fred Vanderburg, who belong
to the Brooklyn gang of railroad car
thieves, have been arrested. This makes
twenty-seven of this gang who have been
captured, and seven are to be taken yet.

Voorhees Sent For.

INDIANAPOLIS, Sept. 10.—The mother of
young Nutt, at Uniontown, Pa., to be
tried for killing the infamous Dukes, has
telegraphed to Senator Voorhees to solicit
him for the defense of her son at the trial
of the case, and he has accepted.

Boy Burglars.

PRINCETON, Ill., Sept. 10.—Robert Quig-
ley and James Sabin, young boys, were
found guilty of burglary in the Bureau
circuit court and sentenced to the reform
school for one year.

THE HEAVY FROST.

Severe Damage Reported at Vari-
ous Points.

The Northwest Suffering the Most-
Great Damage to the Corn Crops—
Wisconsin's Cranberries All Frozen
Out—Much Injury in Portions of
Ohio and Indiana.

CHICAGO, Sept. 10.—Inc calculable dam-
age has been done to the crops by recent
frosts, amounting as many estimate it to
the loss of half the crops standing. The
damage to corn is very great, and the
Tribune publishes dispatches from forty
districts in Illinois, Michigan, Wisconsin,
Nebraska and the Northwest, showing a
belt line of cold which has absorbed half
the value of the corn crop.

MOUNT PLEASANT, N. H., Sept. 10.—
The first snow storm of the season struck
Mount Washington, prevailing all the af-
ternoon with a furious northwest wind at-
taining the highest velocity reached, eighty
miles per hour. The thermometer stood
at 22 degrees. The weather all the past
week has been the coldest on record for
this time of the year. There have been
more arrivals at the summit than ever be-
fore, for the corresponding week.

St. Louis, Sept. 10.—Dispatches say that
corn and other growing grain hereabouts
have been damaged to an alarming extent,
and suburban points report the injury as
general. From Eastern and Central Mis-
souri reports say some sections were saved
serious injury while others suffered se-
verely.

MUSKEGON, Ind., Sept. 10.—Heavy frost
fell in this locality, which completely
cooked late vegetation and damaged corn
to an alarming extent, many fields being
completely ruined.

ELKHART, Ind., Sept. 10.—This section
was visited by a heavy frost, the first of
the season. Everything being very dry,
but little damage was done. Corn is dry-
ing up fast.

OTTAWA, O., Sept. 10.—A very heavy
frost fell here, doing great damage to
crops. Late corn, buckwheat, and sweet
potatoes and all the other late crops are
killed.

IOWA CITY, Ia., Sept. 10.—A heavy frost
fell Sunday morning, but did little damage
to corn in this county.

DRUMMETT, Ia., Sept. 10.—The frost
ripped the vines in this vicinity, but so
far as learned it has not seriously injured
the fruit. Corn is not injured, unless it is
in the valley, and that not to any
extent.

The average, it is believed, is by no
means as serious as was expected, and
crops as a whole, have received little dam-
age.

LOCKPORT, N. Y., Sept. 10.—A white
frost, resulting in terrible destruction to
crops has occurred. In the country the
loss to farmers is paralyzing and is esti-
mated at from a hundred to two hundred
thousand dollars. The crop of tomatoes
is almost entirely ruined, three gardens
alone in this city losing over \$6,000.

The corn crop is almost worthless
throughout this section, farmers state that
the frost has rendered it good for fodder
alone. Buckwheat, beans, squash and
pickles are also almost destroyed. Fruit is
not injured. It is the most destructive
frost occurring in this city in ten years.

CHICAGO, Sept. 10.—Reports from hun-
dreds of northwestern points agree that
the frosts of the last two nights have done
almost incalculable damage to the corn-
belt of the country; that on all the low
lands over a large area the corn is almost
totally destroyed; that, especially in
Minnesota and Michigan, the destruction
of the cereal is nearly complete, and that
the Wisconsin tobacco crop is probably
totally injured. No serious damage is re-
ported in Illinois or Iowa, although great
apprehensions are entertained. The cran-
berry crop in Wisconsin has been almost
completely killed, and, as this crop is one
of the leading interests in many sections
of the State, the loss will be immense.
Nebraska has escaped the frost, while in
portions of Ohio and Indiana it was de-
structive in its effects.

BANK SWINDLERS.

The Last of a Bad Gang of Three
Sharps.

DES MOINES, Iowa, Sept. 10.—Officer
Lewis returned from Lawrence, Kan.,
with the last of a trio of swindlers who
have been operating at Keokuk, Des
Moines, Marshalltown, Grinnell, and other
places under the names of Gardner, Brad-
ley, and Dorman. Their method was to
purchase duplicate drafts of bills of ex-
change, and present the duplicate to a
bank in a distant city, stating that the
original was lost. The draft would be
forwarded for collection with the request
to telegraph when paid. The answer
would of course be favorable to the swin-
dlers. The original draft or bill would
then be cashed at a bank in another city,
and a \$1,000 draft would net \$2,000.
Gardner was the man arrested by Officer
Lewis. He was taken to Grinnell this
forenoon. The swindlers bought one draft
for \$1,500 some time ago of the Citizen's
National bank of this city, but the bank
did not lose it.

A Desperate Lover.

SAN ANTONIO, Sept. 10.—A young man
named Sam Brown visited the Ussery farm,
in Caldwell county, to meet Miss Gussey
Ussery, to whom he was engaged to be
married. The father of the young lady
was at home, and objected to Brown visit-
ing his daughter. Words ensued, and
Ussery made an attempt to drive Brown
away, when the latter drew a pistol and
shot Ussery dead. A reward of \$500 is
offered for the arrest of Brown, and the
brother of the young woman took the cars
to hunt him. Brown was caught and
jailed at Lockhart, the county seat of Cald-
well county.

CHIEF KEOKUK.

Asking Permission to Remove His
Remains.

WASHINGTON, D. C., Sept. 10.—Gen.
Belknap has submitted to the Commis-
sioner of Indian Affairs a petition signed
by a number of leading citizens of Keo-
kuk, Ia., asking permission to remove the
remains of Chief Keokuk, of the Sacs and
Fox Indians, for reinterment near Keo-
kuk. The petition was indorsed by the
descendants of Keokuk on the ground that
the remains would be better taken care of
at that place. The petition will, no doubt,
be granted by the Commissioner of Indian
Affairs. Keokuk died at an advanced age
a few years after the Black Hawk war.
He was of a pacific disposition and op-
posed the war. He told the Black Hawk
faction that it was useless to engage in a
war with the United States unless they
wished to perish, and if they would kill
all their women and children beforehand
he would lead them to war. This caused
the braves to reflect, but subsequent events
precipitated the Black Hawk war. In
1837 Keokuk visited Washington. A
delegation of Sioux Indians, the deadly
enemies of Keokuk and his tribe, were
also here. A notable occasion was a con-
ference, at which the Secretary of War
represented the President between the rep-
resentatives of the two hostile tribes, the
purpose being to try to settle the differ-
ences between them. Keokuk was noted
for his dignified demeanor and forcible
speech on the occasion. The conference
broke up without coming to an amicable
understanding.

A TEXAS SCAMP.

What a Wife Found in Her Husband's
Pockets.

GALVESTON, Tex., Sept. 10.—A startling
revelation was made in an estimable fam-
ily of this city a day or two ago. A young
man, well known here for some time, was
married to a very excellent young lady of
Galveston eight months ago. The other
night, upon retiring, he carelessly threw
his clothes down and a number of letters
fell unperceived from his pockets. In
the morning his wife gathered these up
and her woman's curiosity prompted her
to read them. She was soon horrified to
find several letters from her husband's
wife in Washington City, and among other
things telling him that their two children
were well. When charged by his wife
No. 2 with his perjury he stoutly denied
his guilt, but left town by the first train,
before his indignant father-in-law could
interview him.

How Cotton-Seed Oil men Arrange
Matters.

MEMPHIS, Tenn., Sept. 10.—A move-
ment is on foot here among several of the
cotton seed oil mills to combine and re-
duce expenses by employing one man to
purchase seed instead of one for each mill
as is now the case. It is thought that if
this combination is formed it will bring
to Memphis much more seed than is now
received. The mills that were mentioned
as preferring to form this combination are
the Panda City, Gayoso, Hanover and
Memphis. The arrangements have not
been perfected, but the project is being
canvassed among the officers of the mills.
It is said in favor of the combina-
tion that a higher price for seed can be
paid without additional cost of manufac-
turing. It would also in a measure crush
out opposition mills in the interior ad-
jacent to Memphis, and concentrate all seed
here.

For the Telegrapher's Brotherhood

CHICAGO, Sept. 10.—The Order of the
Red Cross, a mutual benefit association,
has issued circulars proposing terms upon
which members of the recent Brotherhood
of Telegraphers may be transferred to its
ranks in a body, and A. J. Morris, late
master workman of the brotherhood in
Chicago, has issued a circular to the mem-
bers, asking them to participate in the new
movement, and assuring them it will not
be a violation of the pledges made by
them to the Western Union Company
when they returned to work after the
strike. It is not known whether the late
strikers regard the new move favorably.

His Idea of Freedom.

NEW YORK, Sept. 10.—On complaint of
Louis Forster, a merchant in Moscow,
Russia, to the United States consul at that
city, that his clerk, Johann Gottlieb Jas-
koski, aged 25, has fled to this country with
1,200 roubles belonging to his employers,
the police were instructed to look for the
fugitive. He arrived here August 14, and
has just been arrested by the police. He
has not changed his name or attempted to
conceal his identity. He told the police
he thought this was a free country, and
that he could not be arrested here.

\$5,000 Damages for Slander.

CARROLLTON, Ill., Sept. 10.—In the Cir-
cuit Court here the slander case of A. D.
Rollins vs. Dr. Pratt was called for trial.
The defendant failed to appear, and upon
the evidence of the plaintiff's witnesses
the jury returned a verdict for \$5,000
damages for Rollins. The testimony
showed that Dr. Pratt had publicly ac-
cused Mrs. Rollins of immorality, and
had alleged that several prominent citi-
zens of Greenfield were associated with
her in wrong-doing.

A Negro Lynched by a Colored Mob.

OSAGE CITY, Mo., Sept. 10.—A colored
mob attacked Constable Krantz and his
deputy, who had charge of the colored man
Mingo, who stabbed Whittier, and getting
Mingo away from them, stabbed him six
times and left him for dead. Mingo was
brought to Jefferson and is now in jail,
with small chance of recovery.

Death Caused by Smoking.

NORFOLK, Va., Sept. 10.—Maggie Bal-
entine, a young woman of Portsmouth,
seventeen years of age, was burned to
death at Norfolk, Va., by her clothes tak-
ing fire from a match which she had just
used in lighting a pipe she was smoking.

CONCERNING what the minstrels said,
We're caring not a penny,
Because we know the Maysville girls
Are sweet and good as any.
We made the platform long ago,
And there we firmly stand,
Our own sweet girls haven't got
Their equals in the land.

POTATOES are selling in Danville at twenty-three and a half cents per bushel, delivered on the cars.

The gate receipts during the Lexington fair amounted to \$6,226 which is \$1,447 more than last year.

It should not be forgotten that our enterprising contemporary is going to print the council proceedings next Saturday.

The liberality of Maysville merchants in giving away street car tickets to their customers is being imitated at Cincinnati.

A SEIZING party who went to Brooks' bar recently, caught about two hundred pounds of good fish. They were principally black suckers.

Col. J. M. STOCKTON, real estate agent, sold this morning to Mr. Omar Dodson, the residence of the late Mr. John M. Duke, on Front street, for \$3,500 cash.

The minstrel entertainment at the opera house, last night, drew together a large audience. The programme was very entertaining and was well rendered.

The new postal note has been received in this city, and many of them have already been used. They are issued for sums less than five dollars and cost three cents each.

ANOTHER hog, one of the pets of Sutton street, expired there yesterday, near its native wallow, it is supposed from dyspepsia, the consequence of gormandizing at a banquet recently on Second street.

M. F. MAISH, attorney and real estate agent, sold a house and lot on 3rd street, between Sutton and Wall, this morning, for Dr. W. H. McGinnis. Mrs. Margaret Feltus was the purchaser, paying \$1,100.

ADAM GRIS, the boy who fell from the roof of the slaughter house on the Flemingsburg turnpike last Sunday afternoon, had both arms badly sprained but they were not broken. Dr. A. G. Browning attended the case.

MR. GEORGE S. BRUCE, a well known and prominent citizen of Carlisle, died this morning. He was the father of Mrs. O. H. P. Thomas, and the brother-in-law of Mr. Eli F. Metcalfe, of this city. The funeral will take place Wednesday morning at Carlisle.

Among the sales of stock made recently by Messrs. W. W. Baldwin & Co., were a pair of horses to a man in Pennsylvania for \$1,300; forty-four mules to E. Kendig, of the same State, for \$175 each, and forty-four mules to Morton, Thompson & Co., of New Orleans, for \$165 each.

The gloomy fears, the desponding views the weariness of soul that many complain of, would often disappear were the blood made pure and healthy before reaching the delicate vessels of the brain. Ayer's Sarsaparilla purifies and vitalizes the blood; and thus conduces to health of body and sanity of mind.

The ladies will find at Mr. Hermann Lange's jewelry store a very beautiful collection of artistic porcelain ware, which he has just received from the East. He considers it no trouble to show these goods, and will be pleased to exhibit them to all who may call. A visit will well repay the trouble of going.

The military company from Manchester, Ohio, numbering sixty-four privates, three commissioned and eight non-commissioned officers, were in Maysville this morning, and left by the steamer W. N. Chancellor to go into camp at Burnett Woods, near Cincinnati, for eight days. They were a fine looking body of men.

The directors of the Maysville Electric Light Company held a meeting at the office of the County Clerk Monday afternoon, and elected Dr. G. W. Martin President; Mr. W. S. Frank, Vice President; Mr. W. W. Ball, Secretary and Treasurer. The President and Secretary were appointed a committee to correspond with manufacturers with a view of obtaining the machinery needed, and beginning the business immediately. The enterprise, it appears, is successfully established, and Mr. Salomon's work in this city is ended. He usually carries out what he undertakes, and our citizens may therefore rely upon seeing the city illuminated by electricity at an early day.

County Court Proceedings.

In the case of the Maysville and Big Sandy Railroad Company versus John G. Bacon and others, which is a proceeding to secure the right-of-way for said road over the land of certain parties, the suit as to Patrick Byron and Samuel Redd and wife was dismissed as agreed; the report of the commissioners allowing Augustus Sullivan and wife \$660; Theodore Hudnut, Perry Jefferson and Horace January, \$200, was confirmed, no exceptions having been taken thereto. In the same case, exceptions having been filed by John G. Bacon and several others, a jury was ordered to be empaneled, and go upon the premises next Thursday.

The last will and testament of Susan Robinson, deceased, was produced and proven by the oaths of S. T. Collins, William Selby and C. W. Williams, the last named qualified as executor under same, with Thomas Lally as surety, J. D. Raymond, S. T. Collins and H. F. Hawkins, appraisers.

S. T. and G. S. Collins were exonerated from the payment of tax on \$3,080. John T. Gault resigned as overseer of roads in precinct No. 11, and Milton McCarty appointed in his stead.

An inventory, &c., of the personal estate of Charles Osborne, deceased, was filed and ordered to be recorded.

A sale bill of same was filed. Same order.

L. G. Weind & Co. executed bond as coffee house keeper.

They say we are apt to take the motto of our own lives from "As You Like It," and it is always perfectly applicable for us to do as we please, but when we judge the lives of our neighbors we read another play, and give "Measure for Measure."

Mrs. — wanted to rent a pew in a fashionable church, and was particularly desirous of having it elegantly located. "Ah, yes," he replied, "I have one that will suit to perfection. It commands a beautiful view of nearly the whole congregation." "That will suit me, as that will include a good view of you."

During low water, the grades on the Ohio side have supplied the tug of war in going up and down them to the ferry boat. We have no choice, the lower grade is composed of rocks which extend out to the middle of the river. And the upper grade you have a steep and winding walk composed of one extensive sand pile slightly sprinkled with dust, which gives a perfect polish to your shoes.

Last Friday night Mrs. Nelson Sutton gave a large party at her new home on Third street, where all of her friends, including young and old, spent a most delightful evening.

There are several reasons why the Equitable Life takes the lead of all others doing business in the United States. One reason is the promptness with which losses are paid, the society not taking the usual sixty to ninety days time. This is the rule and not an exception. Below is a sample. Any person desiring life insurance would do well to apply to Jos. F. Brodick, Agent, Maysville, Ky.

NEW YORK, July 30, 1883.

OWENS &

FOREIGN.

Still Hovering About the Edge of War Other Items.

LONDON, Sept. 10.—The Times, in an editorial, urges France to remember that a decision of peace or war with China can not be delayed much longer, and appeals to the French and Chinese Ministers not to keep the world in suspense as to their intentions. Not only the European powers, but America and the English Colonies have rights which must be considered, and a decision must be reached without delay.

IRELAND.

WATERFORD, Ireland, Sept. 10.—Michael Davitt addressed an audience of 30,000 people here. He excited unbounded enthusiasm among his hearers by his violent denunciations of landlordism.

CUBA.

MADRID, Spain, Sept. 10.—Spanish officials state that a very important discovery has been made in connection with the recent Emente in Cuba, having for its object the freedom of that island from Spanish control. It is stated that a number of well-known and influential Cubans have for some time been secretly purchasing arms and ammunition in Paris and shipping them to Cuba in such a manner as to escape the notice of the Spanish authorities there.

These warlike supplies have been quietly conveyed into the interior and placed in the hands of a band of adventurers, whose force has been greatly augmented by the enlistment of natives, that quite an army of well equipped men are now ready to proclaim themselves in open rebellion against Spanish rule.

A QUEER CASE.

A Man Dies Under Very Curious Circumstances in Texas.

LITTLE ROCK, Ark., Sept. 10.—A queer case of crime is reported from Carroll county. John Mooreland, a notorious character, has been working for a farmer named Walter Carney. On Friday he left the house to look for stock, and returning later he was seized with convulsions. He revived enough to tell Carney and his wife that he had taken a drink of whiskey from a bottle belonging to a man he had met on the road during the morning, and that the liquor was poisoned. He died in terrible agony. A post mortem examination showed that his neck had been broken and that his shoulders were horribly bruised. Carney has been arrested. It appears that Mooreland was an important witness in a case pending against several parties charged with stealing cattle and running them into Texas for sale, and it is thought that a conspiracy existed to remove him. It is claimed that a thorough investigation will implicate divers persons living in Comanche county, Texas.

Ruinous Dry Weather.

CLEVELAND O., Sept. 10.—There is much complaint among farmers in various parts of Ohio owing to the want of rain. This is the eighth week of the drought in the neighborhood of Newcomerstown, and it still continues its blighting effects on what little vegetation is now left. While there can be seen an occasional field of splendid corn, the great majority of fields are already burned and parched and will amount to nothing but fodder. Most of the pasture fields are as bare as the roads, and in some places the water is giving out.

Poisoned on Shrimps.

COLUMBIA, S. C., Sept. 10.—On Thursday a number of colored people living on a plantation in Beaufort county procured about a bushel of shrimps, which they cooked, and then sat down to a big feast. In half an hour afterwards the whole party were taken violently sick, exhibiting symptoms of poisoning. Three of the negroes died Friday, and at last accounts seven others were in a precarious condition. It is supposed that the shrimps were partly decayed before they were cooked.

Colored Desperados at Nashville.

NASHVILLE, Sept. 10.—Ben Rivers, a young negro, was struck in the temple by a rock thrown by Newton Fitzpatrick, colored, and is dying from a fracture of the skull. Bud Gentry, another negro desperado, assisted Fitzpatrick in making good his escape, and both were arrested. Fitzpatrick rocked Rivers because he threw a stone at Wm. Morgan, who was brutally beating his daughter.

Man and Woman Drowned.

MARSHALL, N. C., Sept. 10.—James Payne, of this place, and Ona Johnson, his mistress, were both drowned while attempting to cross Pigeon River, near here. They had spent the day in debauch at Sevierville, Tenn., and were coming home. They were both riding one horse, which fell from the ledge along a bluff, where the road ran into the river.

Fun Among Farmers.

DALLAS, Tex., Sept. 10.—J. M. Turner and W. H. Henry and John Garrett, small farmers near Bastrop, got into a difficulty. Turner struck W. H. Garrett on the head with a rock, fracturing his skull and killing him, and was in turn stabbed by the other two brothers, and fatally wounded. The two Garretts escaped.

The Act of a Brute.

PRINCETON, Ill., Sept. 10.—A female tramp, while at Center Prairie, west of this place, received a charge of shot in the face, the farmer shooting through the window shutter, at which she was working. One eye was totally destroyed. She is now under medical care.

Delirium and Death.

DECATUR, Ill., Sept. 10.—While suffering from delirium tremens, John V. Wallace, a wealthy dentist, belonging to one of the oldest families of Clinton county, threw himself under the Midland passenger express and was ground to pieces.

Trouble With the New Notes.

CHICAGO, Sept. 10.—Postoffice officials say the new postal note is practically dead in Chicago. Over 100 presented for payment have had to be returned to the issuing offices on account of illegibility, while the demand is almost nominal.
